Corporate Membership

We are the Museum of Modern and Contemporary Art in Nusantara (Museum MACAN), Jakarta's newest cultural facility and Indonesia's only international art museum dedicated to international modern and contemporary art. We are the first institution of its kind in Indonesia, providing public access to a significant and growing world-class collection of modern and contemporary art from Indonesia and around the world.

Housed in an extraordinary purpose built facility, we work with Corporate Members to help achieve the needs and objectives of individuals and groups across their companies, providing unparalleled access to world-class exhibitions, art education, and special events.

We recognize corporate contributions on our website and annual reports. Contributions at 'Ultimate' and 'Executive' levels are also recognized on the donor wall in the main lobby of the museum.
